Allowable Subject Matter

1. Claims 1-16 are allowed.

Claims 1 and 16 are independent claims.

The following is an examiner's statement of reasons for allowance:

As to claims 1 and 16, the present invention from the application discloses a method and an executable program for performing steps of “viewing an image of the document, which is selected before accessing a Web imaging home page, on a target printer home page; and determining if the target printer can print the document on the media”. The closest prior art such as Foster et al. (US Patent No. 6,631,010) is overcome by the Application's Declaration filed on 12/15/04. Thus, the above underlined limitations are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
